## DALGETY &amp; COMPANY.

## Quotations of Coal—Vessels Leaving Australia for the Islands.

The following is quoted from Dalgety & Co.'s monthly circular, dated January 1, 1891:

The year just ended will be a memorable one in the history of Newcastle, inasmuch as the coal miners of this district, for a period of nearly three months, laid down their tools to fight for a cause which was not directly their own, but in support of their fellow-miners in this and neighboring Colonies of Australia. That this procedure on their part was a great mistake all their leaders now admit, and we venture to say we shall never again see a similar stoppage of work in this district, unless caused by a direct breach of agreement between the colliery proprietors and their men.

The month's output of coal has been an exceptionally heavy one. California and the West Coast of South America have taken liberal supplies, and large contracts for future deliveries have been booked. Notwithstanding the very keen competition of the Japan coal exporters, it is very satisfactory to find that China and India are again drawing large supplies from Newcastle. Shipments to the East have been exceptionally heavy during the month. The tonnage in port waiting loading turn continues very large.

Approximate freight rates for Honolulu, 16s.

Honolulu.—Departures during the month comprise six vessels, with 7,759 tons coal. The Harvester, 1,428 register, at 21s. 6d. freight; Golden Shore, 664 register, on ship's account; and Infatigable, 843 register, at 20s., are in port to load.

Kahului.—We dispatched the William Renton with 733 tons New Lambton coal, on ship's account, on the 16th ultimo.

## Miscellaneous Items.

Dr. Widner, of California, who has lived among the Indians for thirty years, says no white man can hope to equal their physical development. The average Indian boy of 15 can bear more fatigue than an athlete among white men.

One of the greatest marvels of all the rich possessions of the Maharajah of Baroda is a carpet, about ten feet by six, made entirely of strings of pearls, with center and corner pieces of diamonds. "The carpet took three years to weave and cost £200,000."

Driftwood is in great demand for open fires among fashionable dwellers by the sea, because the remains of old copper nails and perhaps chemical substances from the sea water cause it to burn with a brilliant green flame that is very beautiful.

Wisconsin and Minnesota appear to be doing well in the way of the formation of school libraries. During the past year the two States have established over 1,200. The books for each of these libraries are selected from a list prepared by the State Superintendent.

It appears according to Postmaster Van Cotti's annual report that there were delivered from the New York Post Office during 1890, 343,497,329 pieces of mail matter. The total number of pieces of mail matter of all kinds handled during the year was 1,024,198,721.

A writer in the Christian Intelligencer says: "We should have a convenient term to denote a message sent by telephone; and I beg leave to propose the word telephem. If you approve the suggestion will you recommend it to your brethren of the press?"

## CORRESPONDENCE.

We do not hold ourselves responsible for the statements made, or opinions expressed by our correspondents.

## Horner's Banking Bill—No. 12.

MR. EDITOR: In further discussion of the above bill permit me to say without further development of our natural resources, or the "Bank of Hawaii," our national financial prospects are far from bright. It is true our material resources are being slowly developed, but it must be remembered that our Government's money requirements are rapidly augmenting. Our last Legislature appropriated double the amount of our current income. But with a Government bank such as proposed to assist in developing the country, our large appropriations would be only comparatively large.

All must admit that our Government has a right to give its present bank the powers this bill provides for, and that the income from it then would in time pay our entire public debt, yet its direct income would be but a small part of the advantages to be realized from it by both Government and people.

Our present bank is not a business institution working for the good of the people. It is a bank of savings and deposits. The past period, the bank took from the channels of trade something less than one million dollars, which neither the bank nor the Government had power to again put in circulation.

That certainly was more of a hindrance than a help to either the Government or the people, except the few depositors. But if our present bank was endowed with the powers this bill provides for, it would at once be a business bank, profitable and creditable to this kingdom and a blessing to the people. As working without selfishness for the good of all, it would be a bank of "issue and redemption," a "loan and borrowing" bank, and a bank of "savings and deposits," where rich and poor could deposit either large or small sums and have their money returned to them on demand with an interest, and no fear of the bank breaking while their money was there deposited.

It would encourage enterprise to an extent never before known in these Islands, as it would supply the only tool—money—that can be used under our civilization to develop and produce wealth, open new enterprises, build railroads, etc., without going abroad to get the tool to do it with.

JNO. M. HORNER.

(To be Continued.)

## Co-partnership Notice.

THE UNDERSIGNED DOING business under the firm name of Hanalei Store Co., hereby give notice, that they have dissolved the said partnership heretofore existing between them, and the same have been transferred to Z. KAKINA and Sam Louie, and they will pay all the debts of the said partnership, and they only are responsible to the management of said partnership.

EDWARD KAKALOA.

J. KAKINA.

1892-41\*

## Co-partnership Notice.

THE DRY GOODS STORE known as the Hanalei Store Company is now conveyed to the undersigned, and we are the sole Owners of said store. All bills must be paid to us, and all accounts against said Company must be presented to us.

Z. KAKINA.

S. LOUIE.

Hanalei, Kauai, Feb. 13, 1891. 1892-41.

## A VALUABLE PREMIUM

Every subscriber to the HAWAIIAN GAZETTE or the PACIFIC COMMERCIAL ADVERTISER

Who pays his subscription to the undersigned, for the year 1891 (viz.: \$5.00 for the GAZETTE, or \$6.00 for the ADVERTISER), strictly in advance, or during January, 1891, will receive as a premium, free of charge, one copy of

## THE TOURISTS' GUIDE!

Through Hawaii.

Subscribers who are in arrears for their subscription to either the GAZETTE or ADVERTISER, will be expected to settle such arrears before becoming entitled to this premium.

Any person wishing both the DAILY and WEEKLY will be supplied with the two papers, for one year, for \$10.00, paid in advance, which will also secure one copy of the TOURISTS' GUIDE.

The premium offered is too well known to need any description. Suffice it to say that it is the most picturesque account of these Islands that has ever been published and hundreds of copies of it are sent away every month.

Address HAWAIIAN GAZETTE CO., 46 Merchant St., Honolulu.

## I desire to call the attention of all concerned to the fine quality of

Watch Work now being done at my establishment. Owners of high grade Watches have been placed to much inconvenience from time to time, by finding it necessary to send their Watches abroad for the slightest repairs.

Since October 1, 1890, I have been in a position to repair the finest known makes of watches, and at no higher cost than the same would be charged for in the U. S. The same attention is paid to an ordinary watch, as to one costing you \$500. Remember that even the comparatively simple process of cleaning a watch should be done by a skilled workman; or more harm than good will result therefrom. If your time-piece is beyond repair, you will be told so, and put to no expense in having it overlooked.

Watches from outer districts will be securely packed and mailed to the owners.

H. F. WICHMAN, Box 342. Honolulu.
